

The Complete Customisable Coffee Station

An elegant and contemporary fresh milk coffee machine that has been developed with attention to detail and with the best material finishes, providing it with a unique premium identity. Vitro X1 MIA is also very easy to use and maintain and delivers consumers a consistent high standard coffee experience. You will be able to offer a wide range of espresso based fresh milk drinks, thanks to the innovative patented micro-injected air technology (MIA), from velvety cappuccinos to latte macchiatos with a deliciously thick layer of foam to satisfy the tastes of the most demanding consumers. The independent hot water serving areas allows the consumer to prepare tea & delicate infusions at ease with clean fresh hot water.

Complete package cost from £8122

Fast, safe and extremely user friendly automatic process that ensures perfect cleaning of the fresh milk system.

A manual cleaning process with a cleaning product is scheduled every 24-48 hours and is carried out in a safe and very simple way.

Contactless payment options available on this machine.
